## Day 1 December 6th, 2025

06:00 a 06:15

### Welcome and inauguration .

Susan Raj, Valerie Alliger, Raúl Pineda.

06:15 a 06:30

### Patricia Callisperis (Bolivia)

1st Congress of Bioxidative Therapies 2022.

06:30 a 06:45

### Pierre Kory (USA)

From Skeptic to Researcher: My Journey to the Forbidden Science of DC.

06:45 a 07:00

### Valerie Alliger & Michelle Herman (USA)

Scientific Research on CS & DC in the United States (1970–2025).

07:00 a 07:15

### Thomas Henshaw (USA)

Chemical synthesis of Chlorine Dioxide by various methods.

07:15 a 07:30

### Teresa Forcades (Spain)

Differences between Sodium Chlorite and derivatives

07:30 a 07:45

### Raúl Pineda (Mexico)

In the symphony between redox, enzymes, and transcription factors: Chlorine dioxide as conductor and catalyst

## Day 1 December 6th, 2025

**07:45 a 08:00**

**Richard Chiara (Bolivia)**

Preclinical study on the effect of CS & DC on human erythrocytes

**08:00 a 08:15**

**Alberto Rubio (Mexico)**

Generation of molecular oxygen through DC and CS

**08:15 a 08:30**

**Tomás Segura (Spain)**

Efficacy of Immune-Modulating Sodium Chlorite Solution: An Intravenous and Oral Systematic Review

**08:30 a 08:45**

**Ronal Perino (Brazil)**

Pharmacodynamics and pharmacokinetics

**08:45 a 09:00**

**Gaston Cornu Labat (Argentina)**

New technologies focused on people

**09:00 a 09:15**

**Ex Asambleista Fabiola Almanza (Bolivia)**

The departmental law on Chlorine Dioxide against COVID-19 in La Paze

**09:30 a 09:45**

**José Trinidad Castellero (Panamá)**

Compassionate Use of Bio-Oxidative Substances in Panama: Beyond the Official Narrative.
